Said sum shall be payable wholly from the revenues of the District of Columbia.

SEC. 2. That all of said amount of four thousand dollars, as herein provided, shall be assessed by the jury hereinafter provided for as benefits, and to the extent of such benefits, on any or all pieces or parcels of land which will be benefited by the extension of said streets, as said jury may find said pieces or parcels of land will be benefited, except the lands of the Prospect Hill Cemetery, and in determining the amounts to be assessed against said pieces or parcels of land the jury shall take into consideration the respective situations of such pieces or parcels of land and the benefits they may severally receive from the extension of said streets as aforesaid.

SEC. 3. That the Commissioners of the District of Columbia be, and they are hereby, authorized and directed, as soon as practicable after the payment of the said sum of four thousand dollars, to institute proceedings in the proper court in the District of Columbia for the purpose of the assessment of said benefits upon the pieces or parcels of land which may be benefited by the extension of said streets. Said court shall cause public notice of not less than ten days to be given of the filing of said proceedings by advertisement in such manner as the court may prescribe, which notice shall warn all persons having any interest in the proceedings to attend court at a day to be named in said notice and to continue in attendance until the court shall have made its final order ratifying and confirming the assessments of benefits by the jury; and in addition to such public notice said court, whenever in its judgment it is practicable to do so, may cause a copy of said notice to be served by the marshal of the District of Columbia or his deputies upon such owners of the land to be so benefited by the opening of said streets as may be found by said marshal or his deputies within the District of Columbia.

SEC. 4. That after the return of the marshal and the filing of proof of publication of the notice above provided for, said court shall cause a jury of seven-judicious, disinterested men, not related to any person interested in the proceedings and not in the service or employment of the District of Columbia or of the United States, to be summoned by the marshal of the District of Columbia, to which jurors said court shall administer an oath or affirmation that they are not interested in any manner in the land to be condemned nor are in any way related to the parties interested therein, and that they will, without favor or partiality, to the best of their judgment assess the benefits resulting from the opening of said streets. The court before accepting the jury shall hear any objections that may be made to any member thereof, and shall have full power to decide upon all such objections, and to excuse any juror or cause any vacancy in the jury, when impeached, to be filled;

and after said jury shall have been organized and shall have viewed the premises said jury shall proceed in the presence of the court, if the court shall so direct, or otherwise as the court may direct, to hear and receive such evidence as may be offered or submitted on behalf of the District of Columbia, and by any person or persons having any interest in the proceedings for the extension of said streets. Acquiring necessary lands.

And all lands and waters north of the present Saint Marys Falls ship canal throughout its length, and lying between said ship canal and the international boundary line, needed in connection with the execution of this project, or any project heretofore adopted by Congress, for improving Saint Marys River at the falls, aside from any lands owned by the United States, all of which are hereby made available for said project, shall be acquired in the following manner, and under the following conditions:

Purchase.

The Secretary of War may, in his discretion, enter into negotiations with any persons or corporations claiming title to any portion of the land or waters required for the construction of the said canal, and may acquire title to such portions of such river or lands as may be required for its construction and operation, but any agreement made by him shall be without prejudice to any claim of title by the United States and without the grant of any rights or privileges in said river or lands therein which shall create a right to compensation in case any further portion of said river or said lands therein between the canal

herein provided for and the international boundary line shall be hereafter required for purposes of navigation.

If such lands and waters can not be obtained in the manner and under the conditions above set forth the same shall be acquired as follows:

The Secretary of War may cause proceedings in condemnation to be prosecuted under existing law, or a copy of the said plan numbered three, on a large scale, shall be prepared and exhibited in the office of the United States engineer at Sault Sainte Marie, and the Attorney-General shall proceed to ascertain the owners or claimants of the premises embraced therein, and shall cause to be published for the space of thirty days, in one or more daily newspapers in the city of Sault Sainte Marie, that the same has been taken for the uses mentioned in this Act, and notifying all claimants to any portion of said premises to file, within its period of publication, in the Department of Justice, a description of the tract or parcel claimed and a statement of its value as estimated by the claimant. On application of the Attorney-General, the presiding judge of the circuit court of appeals of the United States for the sixth circuit shall appoint three persons, not in the employ of the Government or related to or in any manner connected with the claimants to act as appraisers, whose duty it shall be, upon receiving from the Attorney-General a description of any tract or parcel, the ownership of which is claimed separately, to fairly and justly value the same, and report such valuation to the Attorney-General, who thereupon shall, upon being satisfied as to the title of the same, cause to be offered to the owner or owners the amount fixed by the appraisers as the value thereof; and if the offer be accepted, then, upon the execution of a deed to the United States in form satisfactory to the Attorney-General, the Secretary of War shall pay the amount to such owner or owners from the appropriation made therefor in this Act.

In making the valuation the appraisers shall only consider the present value of the land or property acquired without reference to its value for the uses for which it is taken under the provisions of this Act.

The appraisers shall each receive for their services five dollars for each day's actual service in making the said appraisements.

Any person or corporation having any estate or interest in the premises, who shall for any reason not have been tendered payment therefor as above provided, or who shall decline to accept the amount tendered therefor, may, at any time within one year from the publication of notice by the Attorney-General as above provided, file a petition in the Court of Claims of the United States setting forth his right or title and the amount claimed by him as damages for the property taken; and the court shall hear and adjudicate such claims in the same manner as other claims against the United States are now by law directed to be heard and adjudicated therein: *Provided*, That the court shall make such special rules in respect to such cases as shall secure their hearing and adjudication with the least possible delay.

Judgments in favor of such claimants shall be paid as other judgments of said court are now directed to be paid; and any claimant to whom a tender shall have been made, as hereinbefore authorized, and who shall decline to accept the same, shall, unless he recover an amount greater than so tendered, be taxed with the entire cost of the proceeding. All claims on account of ownership of any interest in said premises shall, unless petition for the recovery thereof be filed within one year from the date of the first publication of notice by the Attorney-General as above directed, be forever barred: *Provided*, That owners or claimants laboring under any of the disabilities defined in the statute of limitations of the State of Michigan may file a

channel, Saint Louis
to mouth of river.

The Secretary of War may appoint a board of five members, to be composed of three members of the Mississippi River Commission, one of whom shall be the president of such commission, and two engineer officers of the United States Army, to examine the Mississippi River below Saint Louis and report to Congress, at the earliest date by which a thorough examination can be made, upon the practicability and desirability of constructing and maintaining a navigable channel fourteen feet deep and of suitable width from Saint Louis to the mouth of the river, either by the improvement of said river or by a canal or canals for part of said route. In its report the board shall cover the probable cost of such improvement, the probable cost of maintenance, and the present and prospective commerce of said waterway, both local and general, upstream as well as downstream, and the said board may consider in connection with the examination herein provided for, the survey of a proposed waterway from Chicago to Saint Louis, heretofore reported; it shall also report whether other plans of improvement can be devised by which the probable demands of traffic, present and prospective, can be adequately met, and the sum of one hundred and ninety thousand dollars, or so much thereof as may be necessary, is hereby appropriated for the making of such survey, of which amount only one hundred thousand dollars shall be available, unless in presenting a plan for such waterway it shall be necessary, in the judgment of said board, to make a survey for a lateral canal or canals; and the force, plant, and records of the Mississippi River Commission shall be available for the use of said board in making said examination; and said board shall also at the earliest date practicable report upon the following:

Scope.

Subjects of report.

First. What depth of channel is it practicable to produce between Saint Louis and Cairo at low water by means of regulation works.

Second. What depth will obtain in such regulated channel at the average stage of water for the year.

Third. For what average number of days annually will fourteen feet of water obtain in such regulated channel.

Fourth. What increase of depth will be obtained over the natural flow of water in such regulated channel by an added volume of ten thousand cubic feet per second; also fourteen thousand cubic feet per second.

Fifth. And the board shall consider further the practicability of producing at all seasons of the year a depth of fourteen feet in such regulated channel by the aid of locks and dams similar to those projected and in use on the Ohio River improvement.

Sixth. And the said Board shall also report upon any water power which may be created in the portion herein directed to be surveyed, as well as in the proposed waterway from Saint Louis to Chicago heretofore surveyed, and the value thereof, and what means should be taken in order that the Government of the United States may conserve the same or receive adequate compensation therefor, and upon any lands which may be drained by the construction of either of said proposed waterways, and shall also report what steps, if any, shall be taken to cause the cost of the improvement to be defrayed, in whole or part, by means of such water power or lands.

For emergencies: To provide for the restoration of channels, or river and harbor improvements heretofore established or made by the Government, or herein provided for, where by reason of emergency occurring after the passage of this Act the usual depth of such channels or customary use of such improvement can not be maintained, and there is no sufficient fund available for such restoration, three hundred thousand dollars. The allotments to the respective works herein consolidated shall be made by the Secretary of War upon recommendations by the Chief of Engineers. In case such works or items are consolidated and separate amounts are given with each project, the amounts so named shall be expended upon such separate projects unless in the discretion of the Secretary of War another allotment or division should be made of the same. Any balances now remaining to the credit of the consolidated items in this Act shall be carried to the credit of the respective aggregate amounts appropriated for the consolidated items herein contained.

In all cases where appropriations are made for works in this Act, if money can be more advantageously expended by combining under one contract two or more such works, such combinations are authorized and shall be made.

In all cases in which appropriations or authorizations have heretofore been made, or are herein made, for the completion of river and harbor works, and the amounts appropriated or authorized shall prove insufficient for completion, the Secretary of War may, in his discretion, on the recommendation of the Chief of Engineers, apply such amounts appropriated or authorized for the prosecution of such work.

[Public, No. 245.]

Preamble:

CHAP. 2910.—An Act To annul certain titles to land acquired by judicial proceedings in the courts of the United States in Texas, and for other purposes.

Whereas on the eleventh day of December, eighteen hundred and seventy-three, the United States obtained judgment in the circuit court of the United States sitting at Tyler, Texas, in the then western district of Texas, for fifty thousand dollars, against William T. Scott, William Umbdenstock, and others, sureties on the official bond of Davis B. Bonfoy, late collector of internal revenue for the fourth district of Texas, cause one thousand and thirty-seven, and it appearing from the facts that on the trial of the cause against the said sureties they were deprived of their defense by having, through mistake, pre-

sented their accounts and facts in favor of Davis B. Bonfoy, their principal, then deceased, to the wrong accounting officer at Washington, District of Columbia, for his action thereon, and said accounts were returned by said officer to the United States attorney representing the Government in the cause without any action thereon, which fact was not known to the defendants until they had announced themselves ready for trial; and

Whereas facts subsequently discovered show that at the date of said judgment Davis B. Bonfoy, as collector aforesaid, was not really indebted to the United States, which facts could not have been known at the time to the proper accounting officers of the Treasury Department, for the reason that the money belonging to the United States in the hands of Bonfoy at the time of his death were taken charge of by the military authorities of the United States then commanding at Marshal, Texas (the State being under military rule), and returned to and accounted for by said military authorities to the War Department instead of the Treasury Department; and

Whereas since said money so returned to the War Department has been taken up by the accounting officers of the Treasury Department in a readjustment of the accounts of the said Davis B. Bonfoy as collector, and it appearing from said last adjustment, including the newly discovered funds in the War Department, that at the time said judgment was obtained against said sureties Bonfoy really owed the Government nothing, but in fact had a balance due him from the Government: Therefore

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the United States hereby relinquishes to the heirs or legal representatives of William T.
